- ❖ GSEB CLASS 10, Nutan Vidhyalay, Vadodara with **70%**.

PERSONAL DETAILS

- ❖ **Date of Birth:** August 27th 1994.
- ❖ **Address:** 1, Kailashnagar Society, Behind Sarasvati School, Nr Mahesananagar Garba Ground Nizampura, Vadodara, Gujarat 390002 INDIA.

BEST PROJECTS

- ❖ **FlyingDuck:** Small entertaining game based on floppy bird

- ❖ **SpaceSmash:** Small entertaining game.

- ❖ **Reader Assist:** App based on android text to speech. Supports multiple languages.

- ❖ **Prudent BLE plus:** App made for Intransure technologies. Use for Attendance taking, Leave management, Timesheets update, IT helpdesk tickets etc. (Worked on specific modules: BLE (beacon) device integration, taking attendance via BLE device, Time sheet update module, User profile module.)

- ❖ **SNV Insurance Services:** This was a solution for cattle insurance agency. I created their website & their admin panel with using core PHP. I also created mobile app & APIs for the app. This solution was for their executives they travel through villages and collect data for insurance. When they offline the data was stored in local storage once they connected to interned the data pushes to server.

- ❖ **BeeLandArtisan:** An E-commerce app developed for Artisans to sale their products online. App can allow artisans to set visits to their farms, they can sell their products in bunch as well, And Artisans can share their Medias with their consumers.

- ❖ **BeeLandConsumer:** Consumer version of artisan app. Consumer can find artisan near him/her, they can buy things from artisan they also can add favourite artisan and they can set visits to artisan's farm. (This app was made in Kotlin & Room database.)

- ❖ **PoS366:** This app was specifically made for next generation smart POS devices they runs on android OS. With this app user can manage his/her stores Payments as well. Current version is made for hotel management where User can book a table, order food, can take walk in deliveries, consumer can also add order into room.

PERSONAL INTERESTS

- ❖ I love to learn new programming languages & technologies.
- ❖ I love planting tree, caring them & watching them grow.
- ❖ I love listing songs, watching movies & playing games.
